Abbey Gardens is a charitable organization focused on the remediation of a decommissioned gravel pit into a green space that provides economic and recreational opportunities for our community. Our vision is to inspire a healthy community and create opportunities to learn about living sustainably. The 380-acre site is developing incrementally towards becoming a demonstration and education site on local food, gardening, sustainable living, biodiversity, and ecology. In addition to helping nature reclaim the land, the Abbey Gardens team is dedicated to demonstrating innovative and replicable solutions and practices that will inspire generations of good stewards for our earth and people. Our project offers tremendous opportunity for learning and experimentation as well as project management.

Seasonal Educational Programmers & Camp Leads are an integral part of the Abbey Gardens team and will support spring and summer programming as well as maintenance of programming areas. We are looking for **2-3 (funding dependent)** versatile and enthusiastic individuals who can work independently while making a positive contribution in a team environment.
